

Intended Audience

The Pediatric Fundamental Critical Care Support (PFCCS) is designed to prepare health care providers caring for unstable, critically ill, or injured pediatric patients. Likely participants include:

- Hospitalists caring for potentially unstable, critically ill or injured pediatric patients
- Advanced Practice Nurses and Physician Assistants with limited pediatric practice
- Rapid Response/Medical Emergency Team members
- Pediatric Critical care fellows beginning their training
- Emergency medicine physicians who do not routinely care for pediatric patients
- Nursing caring for complex and potentially unstable Pediatric patients
- Pre-hospital providers and Transport Teams who are involved with the transport of pediatric patients

Course Objectives

- Prioritize assessment needs for the critically ill or injured infant and child.
- Select appropriate diagnostic tests.
- Identify and respond to significant changes in the unstable pediatric patient.
- Recognize and initiate management of acute life-threatening conditions.
- Determine the need for expert consultation and/or patient transfer and prepare the practitioner for optimally accomplishing transfer.

Course Planning Committee

Utpal Bhalala, MD, FAAP, FCCM

Reagan Collins, PharmD, BCCCP

Michele Papo, MD, MPH, FCCM

Mary Lou Warren, DNP, RN, CNS-CC, FCCM

Medical City Dallas Hospital is accredited by the Texas Medical Association to provide continuing education for physicians, and is approved by the Texas Nurses Association, an accredited approver by the American Nurses Credentialing Center Commission on Accreditation.

PFCCS Course completion is accredited for 14 AMA PRA Category 1 Credit hours for physicians, and 14.25 CEUs for nursing education credit.
